

3rd World Neuron Congress December 15, 2020, Webinar

Editorial Note

We had a huge success with the 3rd World Neuron Congress Webinar scheduled on December 15, 2020.

The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their knowledge, research work, technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world.

This has been organized with the aim to the corporate community and to create a platform for the exchange of information on technological developments, new scientific modernization and the effectiveness of various regulatory programs towards Neuron 2020. The conference was organized around the theme “Enhance the advancement in the field of Neurology and Neuroscience”. The congress entrenched a firm relation of future strategies in the field of Neurology.

We are happy to announce the 4th World Neuron Congress scheduled during November 24-25, 2021 which aims to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Neurology.

Major topics discussed to be covered in the webinar are Neuron and Neurology, Neuro-Oncology, Neurophysiology, Neurochemistry, Neurosurgery, Pediatric Neurology Dementia and Bipolar disorders, Brain Tumors and Cancers, Pediatric Neurology, Clinical Neurology, Neurology, Psychiatry, Neuroscience and many more.

We would like to thank

- Albert Alan, West University of Arizona College of Medicine, United States
